

SACS Competition

The SACS (Southeastern Association of Church Schools) Competition is a competition attended by Christian schools to give high school students an opportunity to discover, improve and use their God-given talents and abilities.

The competition is a 3-day/2-night event. We will travel to the host school. HCS will pay the registration for each participant. The student is responsible for hotel and meal expenses.

The dates for SACS 2017 are March 29-31, and the host school is Gateway Christian Academy in Virginia Beach, Virginia.

Since our high school teachers will be attending this competition, there will no classes on campus during the competition.

We encourage all of our students to participate in any category they can. There are a number of categories and events. If your child is interested in an event that may require extensive preparation time (such as Arts and Crafts), you may contact the event director or myself. There will be a sign-up posted at a later date. Only a limited number of students are permitted to compete in each category. Therefore, the event directors will choose the students deemed most competitive when more students volunteer than an event permits.

Sincerely,

Sera Huff
